Loundie, so long and favorably known as a Commission Merchant in this State. These gentlemen give an abundance of the most satisfactory references; and persons entrusting business to their care, need have no fears but it will be transacted in the most prompt, correct and efficient manner.

HUGH FRANCIS & Co. have just received a fine lot of Fresh Garden Seeds; also a large quantity of prime western Corn. And we may now add, that they have just received a large addition of reasonable, fine and fashionable GOODS, which the ladies especially, and the public generally are invited to call and examine.

Messrs. S. & J. T. MORGAN, of Oxford, Ala., as will be seen by reference to their advertisement, have a great variety of choice Groceries, Cotton Yarns, Cotton Cards, &c. which they are offering at Selma prices, freight added.

They have also for sale 5,000 bushels of genuine fresh COTTON SEED. A specimen of these seeds have been left at our office for inspection. They will prove their vitality by sprouting, when immersed in water one night. We would advise our friends to be careful in the selection of their seed, as they cannot afford this year to lose their labor and make a failure of crop.

THE LEGISLATURE.

We learn by a letter from Capt. H. McFee, one of our representatives, dated 19th inst., that the following measures were in progress before that body.

A bill to allow debtors to prefer their creditors.

A bill for the relief of Administrators, Executors and Guardians, providing, that where they have honestly and in good faith received Confiscated money, due their estates, they should not now be made to pay good currency.

A bill for the relief of those who had bought negro property during the days of the Confederacy, providing that they shall not now be compelled to pay their notes, but the bill only, from the day of purchase until the negroes were freed. No Revenue bill had been introduced up to that time. The committee on education had a lengthy bill, revising the School Laws nearly complete.

Our delegation were well, and members generally when the letter was written. The Small-pox was abating in the city, but spreading and increasing in the country.

Gov. Patton on the 18th inst. vetoed the following bills, on the ground of injurious class legislation. "To extend the criminal laws of this State, applicable to free persons of color, to freedmen, free negroes and mulattoes." "A bill to regulate contracts with freedmen and enforce the same." "A bill to regulate the relations of master and apprentice, as relates to freedmen."

J. M. Carroll & Co., as will be seen by reference to their advertisement, have just opened, at the Drug Store on the east side of the Public Square, a fine assortment of Dry Goods, &c. which they are offering on very favorable terms to purchasers.

We have recently examined a number of articles in their stock, and so far as we were enabled to judge, found them of superior quality and exceedingly moderate in price. The Ladies especially, will find many neat and fashionable articles suited to their tastes, and the polite and gentlemanly proprietor, Mr. Carroll, always ready to wait upon them in the most prompt and agreeable manner.

Call upon them soon and get first choice, and you will find it to your interest.

D. T. N. ANGLIN will also continue to keep at the same place, a quantity of staple articles of Drugs and Medicines.

Reconstruction.

We have heretofore promised our patrons a full sheet whenever the mails were started; but we have waited for that event until "forbearance ceases to be a virtue," and have therefore reconstructed the Republican to a full sheet, without waiting for the States and Mails to undergo a similar process, and hope never again to be compelled to reduce its size. The U. S. Mail is too slow a wagon for this institution. We will endeavor to make our paper as useful and interesting as possible, and send it to our patrons within reach as promptly as practicable. In the meantime we would suggest to our friends to make up neighborhood packages, and send for them time about, to this place, White Plains, Cross Plains, Oxford or Alexandria.

For the Republican.

Hon. J. L. M. Curry—Howard College.

MR. GRANT: It is perhaps not generally known to the friends of education in our part of the State, that Howard College, at Marion, Ala., is rising from the misfortunes consequent upon the state of war, and is now under headway with promising prospects. The Hon. J. L. M. Curry, so favorably known to most of us, is now President of this Institution, and is at the post of duty. Mr. Curry has proven himself competent in all the relations of life where duty has called him. No one who has had the pleasure of his acquaintance will, for a moment, doubt his fitness to perform the duties of an educator of youth. He has the native mind, intellectual and moral culture, the energy and industry, which are so essential to a successful teacher. Mr. Curry has recently turned his attention to the Ministry of the Gospel and the education of the young, and to these high callings he expects to devote all the energy of his remaining days. God has already made him an "able minister of the new testament," and he will not be less able in the sphere of a teacher. He is assisted by a full and competent faculty—several members of the old faculty are yet in the Howard. Parents cannot do better in this country than to send their boys to this College. Young men, who have not yet finished their education will do well to try the Howard—they can do no better.

War Cloud on the Rio Grande.

We have already called attention to the correspondence between Gen. Wetzel and Gen. Majia. The strong language held in one of the published letters of the Federal officer will have attracted the attention of our readers; and so also will the fact that the letter was returned—the usual form of intimation that it was of a character unfit to be received.

The correspondence alleged certain grave breaches of neutrality on the part of our authorities on the Rio Grande; and admitted, under the hand of our commanding general there, that guns of the Mexican Republic had been repaired on this side of the river with the knowledge of one of our officers. We recite these facts now to illustrate the significance of the news which announces, by way of New Orleans, that Marshal Bazaine, Louis Napoleon's chief in Mexico, has sent an official dispatch to General Majia, in which he states, for the benefit of all whom it may concern, that "the Northern frontier" of Mexico, the line of the Rio Grande, "is under the double protection of the Emperor of Mexico and the Emperor of the French." This is an unmistakable menace; and is intended clearly to warn our authorities that, in violating by accident or otherwise, their neutrality on the line of the Rio Grande they will be brought to account by the potentate who wields the thunder of the French nation. Threats of this grave character seldom take form between nations until their diplomatic relations have made very advanced progress toward open rupture.

New York News.

President Johnson, through his Southern restoration policy, has completely flanked the radicals, and holds them as Grant held Lee within his lines at Petersburg, in a position from which there is no escape. The radicals can no longer venture upon the ground that the States excluded from Congress are out of the Union, because that doctrine upsets the great constitutional amendment—an amendment which the people of all parties and all sections accept as a fixed fact. The radicals themselves accept it. The administration, having thus gained the important point that the late rebel States are not only in the Union, but are legitimately reconstructed in their new Legislatures, it is apparent that President Johnson has the game in his hands and that his policy must prevail. The acceptance by Congress of the constitutional ratification, as declared by the Secretary of State, gives the victory to the administration.

New York Herald.

THE WITHDRAWAL OF TROOPS—We learn from a despatch to the Register and Advertiser dated Montgomery, that Gen. Thomas had notified Gov. Patton that all the troops would be removed from this State and that arms and ammunition would be furnished the State militia. Provisions for the destitute families are also promised. The despatch does not announce the date of withdrawal, but we presume the order will be carried out as soon as possible.

The New York News of the 25th says: The people are altogether as favorable inclined to President Johnson as they were to Andrew Jackson; and they only await the signal of his rupture with the Republican faction to accord him their unqualified support. Is not the president sufficient conversant with the instincts of the masses to know that a man never becomes a popular idol but by the exhibition of the heroic virtues of character? They have no sympathy with the nature that timidly shrinks from responsibility; they abhor the arts of their time-serving politicians. All the admiration is reserved for him who boldly defies his enemies and grasps his object by the vigor of his arm "Oh! for one hour" of Andrew Jackson.

OCEAN STEAMER BURNED.

FEARFUL LOSS OF LIFE—FORTY PERSON DROWNED.

WILMINGTON, N. C. Dec. 30.—The steamer Constitution, Captain Goeman, left Savannah for New York on the 22nd inst., with seventy-four passengers and seven hundred bales of cotton. She struck on the southern point of Lookout Shoals on Tuesday morning at 4 o'clock, where she remained forty-eight hours and then broke up. The Captain with twelve of the crew and one passenger, W. P. Long, of Brooklyn, New York, saved themselves on cotton bales and landed at Cape Lookout light-house at 4 o'clock on Thursday evening, and thence proceeded to Morehead City. Forty persons on board the ill-fated vessel, consisting of passengers and crew perished. The survivors left Morehead City for New York this evening.

From Mexico.

The Matamoros correspondent of the New Orleans Times, under date of the 14th inst., thus alludes to the recent capture and subsequent correspondence between Gen. Wetzel and Mejia, in regard to the execution of the Liberals captured:

Two or three days ago thirteen laden wagons left this city for San Fernando, under a small guard. When some ten or twelve miles from Matamoros, the guard was surprised and the wagons captured. Unfortunately, one man escaped unknown to the Liberals. This man hastened to Matamoros, and laid the facts before Gen. Mejia, who instantly despatched a squad of cavalry in pursuit, who overtook them about day light the next day about 30 miles from the city. The Liberal party were completely taken by surprise, the first news of the presence of the enemy being severe cross fire from the Imperialists, which killed and wounded fifteen or 20 of the party. After a slight skirmish the remainder were captured, and with the recaptured wagons, brought back to Matamoros.

A court was immediately ordered to be convened and the report is that every man has been sentenced to be shot. Hence the protest of Gen. Wetzel and the short and independent reply of Gen. Mejia.

The Brownsville correspondent of the New Orleans Times, under date of January 4th, gives the following:

Hd. Qrs. Dist. Rio Grande, Brownsville, Texas, Jan. 2, '66
Major General Mejia, Commanding Line of the Rio Grande:

General—I understand that you have taken 17 prisoners from the Liberal forces, and that you intend to execute them. In the name of the entire civilized world, I protest against such a horrible act of barbarity. I believe it will stamp the power which you represent with infamy forever. To execute Mexicans, fighting in their own country and for the freedom of their country, against a foreign power, is an act which, at this age, will meet with universal execration. I cannot permit this to be done, under the eye of my Government, without on its behalf entering this solemn protest.

I am, sir, very respectfully, your obedient servant,
GODFREY WEITZEL,
Major General

IMPERIAL ARMY, MEXICO,
Division Mexican Gen. in Chief,
Matamoros, Jan. 2, 1866.

General—I acknowledge the receipt of your communication dated this day. I find myself under the necessity of repelling energetically the participation which you pretend to take in the internal concerns of this country. The business to which the protest in your note refers has now been brought before competent tribunals, and no one has a right to suspend the proceedings. For your individual cognition I will add that the persons in question are accused of having taken by force of arms thirteen wagons, twenty-six mules and horses, and robbed thirteen persons.

It will be very strange General if in the middle of the nineteenth century the bandits and highway robbers were to receive help and protection from the civilized world. By the same occasion I see myself obligated to remind you of the contents of letter which I had the honor to address you on the 21st of last December. I shall return without answer all communications of the character and attached in the language of the one now before me.

Accept, General, my esteem and consideration.
THOMAS MEJIA.
Gen'l Commanding Line Rio Grande.

Invasion of Mexico from the United States—Town of Bagdad Captured and Pillaged—The French Ships opened Fire on the Town—The Filibuster Negroes—The Commanders Americans.

From the New Orleans Picayune.

The Ranchero, of Matamoros, Mexico, of the 5th inst. contains the following: Yesterday several officers and men from the Federal side of the Rio Grande crossed at Clarksville during the day, and took up quarters apparently for the night. Shortly after midnight the guard at the ferry and along the river were surprised, captured and disarmed by the party above mentioned. Such lighters as were at hand were immediately taken possession of, and with them early the entire military force at

Clarksville were crossed over, in two separate bodies, making in all some 400 men, mostly negroes.

The garrison of Bagdad, comprising about 175 men, was completely surprised and captured. The Commander of the Post and the Captain of the Port were taken prisoners, while in their beds. It is said the latter was killed and the former made his escape.

Upon taking possession of the Town, the work of pillage and plunder was immediately inaugurated. Every lighter in the town (some fifty in number,) was taken possession of, and as rapidly as each warehouse could be gutted, the contents were loaded up and immediately crossed over to the American side.

The gunboat was called on to surrender; she answered with a broadside, which scattered the filibusters in a hurry. Shortly after a second demand of the same nature was made, which was answered in the same manner, and with a like result. She is on her way up the river. An Austrian Sergeant on the Antonio was killed. At daylight the French men of war in the harbor opened fire, compelling the filibusters to take refuge in the upper part of the town. At last accounts the filibusters were in possession of the town. The deaths were reported to be thirty on each side. It is stated that the filibusters were under command of one Colonel Reed—that one R. Clay Crawford, being at Brownsville, upon receiving information of the capture of Bagdad, started for the scene of action post haste.

Mexico, the invader is on your soil, with purposes hellish and plots damnable! Let him be welcomed with bloody hands to a hospitable grave!

This order was undoubtedly caused by a rumor that an organization was forming to rescue Jefferson Davis. Picket boats are on duty examining all vessels arriving in the harbor.

New York, Jan. 12.—The Tribune's Washington special says that Mr. Spinner, U. S. Treasurer, declines to designate National Banks as depositories for Government funds unless an actual necessity exists for them.

Senator Wilson's bill for organizing the regular army was framed upon the plan submitted to the President and Secretary of War, a few weeks since by Gen. Grant, who expressed his opinion that the necessity for a large military force in the Southern States no longer exists, and believed that a material reduction of troops may be safely made.

A slight shock of earthquake was felt at Vera Cruz on the 3rd.

Heavy Imperial reinforcements were on their way to Monterey and Saltillo. Active operations had been ordered in connection with Gen. Mejia, to secure the speedy pacification of the Rio Grande.

The earthquake was severely felt at Orizaba; it was severe at Puebla, and slight in the City of Mexico.

A Vera Cruz correspondent says that Taluca, an ancient capital of Mexico, of 12,000 inhabitants, has been captured by the Juaristas under Muroz; and that Marshal Bazaine, with all the Imperial troops at hand, had started from the City of Mexico to attempt to retake the position.

President Johnson's message was received in the City of Mexico with feelings of relief. The war was not to be immediately made upon the Imperial Government.

New York, Jan. 16.—A jury has been empaneled in the Otis case.

applicants that no more pardons would be granted at present.

Capt. Peabody, of the ship Neptune was held to bail in the sum of \$23,500, for the cruel treatment of passengers. Six inches of snow fell last night, and both rivers are filled with floating ice.

THE TEST OATH IN CONGRESS—The following is the resolution by which the House of Representatives, on Monday, determined to adhere to the test oath. It was offered by Mr. Hill, of Indiana.

Resolved, That the act of July 2, 1862, prescribing an oath to be taken and subscribed by persons elected or appointed to office under the Government of the United States, before entering upon the duties of such office, is of binding force and effect in all departments of the public service, and should in no instance be dispensed with.

A motion was made to lay the resolution on the table, but it was disagreed to—yeas 32, nays 125.

The resolution was then passed.

THE Alta California reports some remarkable discoveries of native silver in Idaho. It says:

We hear that the Oregon Steam Navigation Company have found a mine that produces blocks of native silver as large as candle boxes, and they hammer it out like wagon tire. Several other mines of extraordinary richness have been discovered in the same neighborhood, if the story be true. It is a well known fact that blocks of native silver as large as candle boxes have been found in the silver mines of Mexico and Arizona, and it is settled beyond any doubt that the Owyhee region in south western Idaho, is rich in silver lodes.
